We specialize in carefully selected, well balanced assortments, finding that many home gardeners do not care to undertake the extra care of keeping varieties separate. On pages 10 and 11 we offer a number of these carefully assorted collections, and believe one may be chosen to meet almost any need. We give this matter our personal attention and have hundreds of letters of commendation and praise. We believe that you too will be delighted with the blooms from one of these collections.

All bulbs in above list are good blooming size, 1 inch and over in diameter. All prices postpaid.

We especially urge that wherever possible at least 100 bulbs be planted, including early, mid-season and late varieties, so that you may have enough open at one time to cut an attractive bouquet, also have a long season of bloom. This may be done in a small space as they may be planted from 4 to 6 inches apart.

If possible grow them by the thousand. Select a few by name for a trial garden and plant one or more thousand mixed bulbs in a bed for landscape and cutting. For this purpose you will find special collections on Page 10 admirably adapted.

A bed 3 feet wide and 50 feet long is ample for 1000 bulbs.

# SPECIAL COLLECTIONS

## INTRODUCTORY COLLECTION

### No. 1. 100 Bulbs for \$1.00 Postpaid.

These are small young plump bulbs, in assorted colors, consisting of named varieties and unnamed seedlings, and at least two-thirds will bloom this year, and all will make beautiful big bulbs for next year. One customer reported 98 blooms last year. This offers a most economical method of starting a collection of GLADIOLUS.

## CUT FLOWER COLLECTION

### No. 2. 100 Bulbs for \$2.00 Postpaid.

This collection consists of large bulbs, all colors, and will bloom this year. These bulbs are mostly named varieties such as America, Alice Tiplady, Crystal White, Empress of India, Halley, Herada, Lilywhite, Mrs. F. King, Mrs. F. Pendleton, Mrs. Watt, Peace, Schwaben, etc. This is a well balanced collection and sure to please.

## NATIONAL COLORS COLLECTION

### No. 3. 100 Bulbs for \$2.00 Postpaid.

Contains choice varieties of Red, White, and Blue. Each color separate and labeled.

## RAINBOW COLLECTION

### No. 4. 100 Bulbs for \$3.00 Postpaid

In this collection all colors of the rainbow are represented. It will contain no less than 12 varieties that have won prizes in the Boston Show in the last 3 years, and not less than 35 varieties in all. A fine assortment.

## SEPARATE COLORS COLLECTION

### No. 5. 100 Bulbs for \$3.00 Postpaid.

This collection is made up of named varieties, assorted to color as follows—25 Red, 25 White, 25 Pink and 25 Yellow. Each color will contain several varieties. For \$1.00 additional we will add 25 in blue shades.

## GLORY COLLECTION

### No. 6. 100 Bulbs for \$5.00 Postpaid.

This collection is composed entirely of ruffled varieties in all colors, and will include not less than 15 varieties.

## SEPARATE VARIETY COLLECTION

### No. 7. 120 Bulbs for \$5.00 Postpaid.

Six bulbs each of 20 different kinds, each separate and labeled. 120 in all for \$5.00. These are all good varieties and include several usually selling for \$1.00 per doz. or more. A fine collection.

## 10 DOZEN AND BONUS COLLECTION

### No. 8. 125 Bulbs for \$5.00 Postpaid.

One dozen each of 10 different varieties, and one bulb each of 5 of the more expensive kinds, all separate and labeled. All popular varieties and a nice assortment of colors. If ordered together we will furnish No. 7 and No. 8 without duplicates.

## OUR BAY STATE SPECIAL

### No. 9. 350 Bulbs for \$10.00 Postpaid.

This collection consists of 10 bulbs each of 35 different varieties. Each variety separate and labeled.

We particularly wish to call to your attention the BAY STATE SPECIAL which should be especially attractive to many who are anxious to have a Glorious Gladiolus Garden this season. Remember, we pay the postage.

## GUARANTEE

All bulbs in these collections, with the exception of No. 1, are good blooming size bulbs, 1 inch or over in diameter. All bulbs in these collections are guaranteed to give absolute satisfaction. If for any cause whatever they prove unsatisfactory, leave the bulbs in the ground till October 1st. Then dig and return them to us and your money will be returned.

## CULTURE

Gladiolus bulbs should be planted in full sunshine and will not thrive in shady places. If planted in rows we recommend a double row with bulbs about 4 inches apart; if in beds plant from 4 to 6 inches each way. Plant from 4 to 6 inches deep on moderately rich soil and do not allow bulbs to come in contact with fresh manure. It is best to apply manure in the fall and dig it into the soil in the spring. They may be planted any time after the ground is fit to work and should be kept free from weeds at all times. With clean cultivation it is seldom necessary to apply water, but if it becomes necessary, water very thoroughly about once a week, rather than a little every day.

When cutting flowers leave 4 full leaves to mature the bulb. Remove faded flowers and cut off a little of the stem every day and they will last a week or more in good condition.

When leaves turn yellow or are killed by frost dig up the bulbs, cut off the tops close to the bulb, and spread out in the sun to dry. When thoroughly dry place in shallow boxes and in a dry frost proof place. Do not store in tight bags or in deep boxes as they must have good ventilation or they will mould and rot. The old dried up bulb and bulblets may be removed at any time before planting.

If you have the room you will find much enjoyment in planting the bulblets and watching them develop. Plant thickly in rows about 2 inches deep early in the season. While germination is somewhat uncertain yet if you have fair success you will find this a very inexpensive way to secure a stock of some of the higher priced varieties.
